

Why Wait

Shakira

Put your trust in me
I won't let you down
Don't delay the things
That you want right now
Why wait for later?
Hey don't you want some action
I'm not a waiter
I like to make things happen
Something's coming on, coming on strong
Don't take too long
Don't you wanna know?
Baby, come home
One more night with you
I won't think it through
Time's money but you knew
Nothing in the world you can think of
That I won't do to you
Drowning in your sweat
'Til I drench my clothes
You've seen nothing yet
Wait 'til you let go
Why wait for later?
Obey my intuition
We're going to be just fine
I got a premonition
Something's coming on, coming on strong
Don't take too long
Don't you wanna know?
Baby, come home
One more night with you
I won't think it through
Time's money but you knew
Nothing in the world you can think of
That I won't do to you
I'm gonna dance through the veil of your eyes
While you follow my steps and decide
And I see your fate in the palm of your hand
No one looks, no one hears us this time
It's only me and your conscience tonight

If there are no witnesses, there is no crime
Why wait for later?
I'm not a waiter
Something's coming on, coming on strong
Don't take too long
Don't you wanna know
Baby, come home
One more night with you
I won't think it through
Time's money but you knew
Nothing in the world you can think of
That I won't do to
One more night with you
I won't think it through
Time's money but you knew
Nothing in the world you can think of
That I won't do to you
You, you, you, you
You, you, you, you
You, you
