

Funky Bikini

Ursula 1000

Shake your knees, shake your knees

Nice and loose

Lift up now, lift up those arms and breathe Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice

Breathe in, arms down, breathe out

That's nice
