STOP BY

Come on now, Jesus

(Stop by)

Somebody needs a blessing, will you

(Stop by)

Come on now, Jesus

(Stop by)

We need you Lord to stop by

Come on now, Jesus

(Stop by)

Somebody needs a touch from you

Come on now, Jesus

(Stop by)

We need you Lord to stop by

He healed the sick

And raised the dead

Made the lame pick up their bed

He healed all kind of disease

He Made the blind to see

Please, rescue me

Come on now, Jesus

(Stop by)

Somebody needs a touch from you

(Stop)

Come on now, Jesus

(Stop by)

We need you Lord to stop by

Through the storms of life (I want to feel you walking by my side)

Through the storms of life

(I need you to move on my behalf)

Stop....By (6x)

Stop

please rescue me

Please stop by

Please stop by

Please stop by

Please stop by
