

# One Reason

Vanessa Williams

We had each other  
And we never knew how much we had  
Hurt one another  
'Till we took the good and turned it bad But now we're so much wiser  
And we both know the score  
Can we try just once more? Oh baby give me one reason  
Why we shouldn't fall in love again, baby fall in love?  
Oh baby give me one reason  
Why we couldn't give our all again, yeah? If you miss me like I miss you  
Oh baby give me one reason  
Why we shouldn't fall in love again, yeah, yeah? Let's make it better  
Now that we can see where we went wrong  
Yeah, yeah get back together  
In each other's arms we belong Let's put the past behind us  
We've both had time to heal  
So if you feel like I feel Oh baby give me one reason  
Why we shouldn't fall in love again, oh baby?  
Oh baby give me one reason  
Why we couldn't give our all again, oh yeah? If you miss me like I miss you  
Oh baby give me one reason  
Why we shouldn't fall in love again, again, again fall in love  
Let's just fall in love baby If you need me like I need you  
Oh, oh baby that's the one reason  
Why we ought to fall in love again  
Do you love, do you love me like I love you boy? Oh baby give me one reason  
Why we shouldn't fall in love again  
Oh baby give me one reason  
Why we shouldn't fall in love One reason  
Why we shouldn't fall in love  
One reason  
Why we shouldn't fall in love  
One reason  
Why we shouldn't fall in love
