

# Enemy (Radio Edit)

## Cascada

I'm not the enemy Do you know  
we're stuck in the middle  
Two ways to go  
Words inside my head  
But you don't wanna know  
We've been hurt before  
But why can't we let it go You know I  
I've been searching for this love all my life  
I can't stand this pain  
Won't you please tell me why  
You still hide away  
You don't need to be afraid I will be waiting here for you to realize  
Open your heart to me, you'll see it through  
My eyes If you could read my mind  
Nothing I need to say  
You'd never run away  
How can I make you start believing  
that I'm not the enemy  
If you could read my mind  
All the things I feel inside  
Then you'd see  
That I'm not the enemy  
I'm not the enemy Do you know  
You're the air I breathe and I wanna show  
What's inside my head  
Know that you're not alone  
Push your fears away  
Cause I am still holding on I will be waiting here for you to realize  
Open your heart to me, you'll see it through  
My eyes If you could read my mind  
Nothing I need to say  
You'd never run away  
How can I make you start believing  
that I'm not the enemy  
If you could read my mind  
All the things I feel inside  
Then you'd see  
I'm not the enemy 'Cause nothin' feels the same  
Every time you say my name

And I need you to know  
That we need to make a change  
Stop playin' these foolish games I'm not the enemy  
If you could read my mind  
Nothing I need to say  
You'd never run away  
How can I make you start believing  
I'm not the enemy  
If you could read my mind  
All the things I feel inside  
Then you'd see  
That I'm not the enemy I'm not the enemy
