Kill It

Fight

Transgress your fake religion sick ideology
Debased TV communion, apology?
Contempious self indulgence outsides a living hell
Excessive words can't enter this padded cellKill it, kill it, kill it
Kill it, kill it, kill it
Kill it, kill it, kill it
Kill it, kill it, kill itInfernal thoughts invading my inhumanity
Provoked by godly judgment wait till I'm free
Assault the shinning icon my temples severed head
The lambs satanic beating incestuous bredKill it, kill it, kill it
Kill it, kill it, kill it
Kill it, kill it, kill it
Kill it, kill it, kill itOur father screams in heaven wounded and wire tied
Imploring for extinction we're crucified
Accused by burning angels unconscious in a cage
I eat the holy Bible I am the plagueKill it, kill it, kill it
Kill it, kill it, kill it
Kill it, kill it, kill it
Kill it, kill it, kill itKill it, kill it, kill it
Kill it, kill it, kill it
Kill it, kill it, kill it
