

Safe House (feat. Rich The Kid & Offset)

Skipa da Flippa

Hunnid band jug, meet me at the safe house
It's safe here, ten choppas in a safe house
Old hunnid, straight green, look like bean sprouts
Hit a hunnid band jug, meet me at the safe house
Safe house, safe house
Hit a hunnid band jug, meet me at the safe house
Safe house, safe house
Flippin' 'em chickens, cookin' those pigeons
Weigh in weigh out
Hit a hunnid band jug?! Meet me at the safe house
(Aye flip whatchu wanna do with these ten bricks?)
Flip 'em, stack 'em, put 'em in the stash house
Got rich wid me, leapin' those bails, leavin' no trails
It's clientelle, just wanted to sell a brother, a tail
Keep a bad bitch in my safe house strictly for cookin'
No dates! Fat ass, no waist, she work the wrist good
No breaks, listen b, don't get outta place, I can't take you on dates
Got count like Bill Gates, you want a white plate, then its a flat rate,
Scope out yo place, runnin' yo crib, poke at the safe
See yo face, get on the floor, nobody safe
Hunnid band jug, meet me at the safe house
It's safe here, ten choppas in a safe house
Old hunnid, straight green, look like bean sprouts
Hit a hunnid band jug, meet me at the safe house
Safe house, safe house
Hit a hunnid band jug, meet me at the safe house
Safe house, safe house
Flippin' 'em chickens, cookin' those pigeons
Weigh in weigh out
Trap house, a.k.a. it's a safe house
Got busted with choppas, my niggas, they marvels
They whipin' no brick and we watchin' for coppers
You know you ain't say you get it
Pow! Glaw!, hit a nigga with extensions
Getcha shit witcha bitch at the condo
Young nigga got stripes like a bar code
Yeah my nigga Flippa, we the Wells Fargo
I'm a real street nigga, check the bio
I run to the money, good cardio

I'm smashing these niggas like Mario
Real street nigga don't like the camera
I'm kickin' boss shit up in Canada
Got a pistol on me nigga, got a Challenger
21 y old, had a challenger
I hate these pussy ass rappers
I'm shootin' you first then yo manners
Leopard Giuseppe's, walkin' around with a mammal
Eat a fuck nigga like cannibalHunnid band jug, meet me at the safe house
It's safe here, ten choppas in a safe house
Old hunnid, straight green, look like bean sprouts
Hit a hunnid band jug, meet me at the safe house
Safe house, safe house
Hit a hunnid band jug, meet me at the safe house
Safe house, safe house
Flippin' 'em chickens, cookin' those pigeons
Weigh in weigh out
