Perfect Stranger

Stevie Stone

Stranger
(strange,strange,strange)
Stranger, stranger
(strange. strange,strange)
Told 'em I'm a stranger
Some o' them tried to hold me down
Other people said that I was crazy
Been lookin' to get my feet off the ground
Now, I told 'em I'm a stranger
Yeah, I'm a stranger
(strange, strange,strange)
Say, I'm the perfect stranger
Yeah I'm a stranger,now
Told 'em I'm a stranger

You can look into my eyes
See a stranger in the flesh and no surprise
I was destined to it
And the fans knew it
And the fam knew it
That one day we would coencide
Make beautiful music
Now we off and climbin
Started at the ? and stars aligned
And perfect timin', 'leven years later
Now together, rhymin'
Really could feel it when the headlines read
Strange met stone
When they asked me how I feel,I said I'm finally home
'member the day it came to me
The feeling I felt okay to be
On ???
All you strangers start embracin' me
? every word you heard me say
Midwest 'splotion came to play
Everythin' happens for a reason
I can finally say

Stranger

Some o' them tried to hold me down
Other people said that I was crazy
Been lookin' to get my feet off the ground
Now,I told 'em I'm a stranger
Yeah,I'm a stranger
(strange,strange,strange)
Say,I'm the perfect stranger
Yeah I'm a stranger,now
Told 'em I'm a stranger

Different place, different time
This point in my career in a different state of mind
And I upon this ladder climb
Getting all these strangers side
Spit flame ? reply?
In time,I rise
Destined I've invisioned the stardom
No status can justify ? if I got 'em?
?? from the ? bottom
To the strangers,it's bottom
No I won't be enforcin the game
That ? a problem, holla
Now,all you ? can ? it easy
Plottin up on my ?
Fall back when didn't really believe me
(and can't none of you haters hold me
And I'm ridin' with my homies
You gonna have to get to know me
I'm a)

Stranger
Some o' them tried to hold me down
Other people said that I was crazy
Been lookin' to get my feet off the ground
Now,I told 'em I'm a stranger
Yeah,I'm a stranger
(strange,strange,strange)
Say,I'm the perfect stranger
Yeah I'm a stranger,now
Told 'em I'm a stranger

Stranger
Some o' them tried to hold me down
Other people said that I was crazy
Been lookin' to get my feet off the ground

Now,I told 'em I'm a stranger
Yeah,I'm a stranger
(strange,strange,strange)
Say,I'm the perfect stranger
Yeah I'm a stranger,now
Told 'em I'm a stranger
