

By The Moon

Anggun

Gold and amber, shining through
Swear by the moon, I'll wait for you
Silent treasures, tender blushes
Soft surrender to discover Feel the wings we whisper and sigh
As the angels glide on the touch of our skin
A fragile voice I hear that trembles and deceives
The deep blue oceans in your eyes desire grows inside Veils of mist, covered kisses
Swear by the moon I want you
Pearls of steam and the dance begins
Free the heat make us stronger still No more promises we are here tonight
Come together in sweet firelight
Here until dawn sets us both apart
A love that's true swear by the moon I live for you For you, for you
Forever for you
For you, for you
Forever for you Precious hours fires dying down
While the night gives way to clear morning light
Perfumes gracing the senses of our souls
A love that's true swear by the moon I'll be here for you Forever for you, for you
Forever for you
Forever for you I'll be here forever
Forever for you, forever for you For you, for you
For you, for you
For you, for you
