Secret Love

Ian Van Dahl

The night has no secrets
When we are together
Look into my eyes
You'll always be mine
How can I tell you?
What I feel inside
You are my world
I can't say goodbye
Lying beside you
Time seems to fly
My heart's beating stronger
When you're by my side
How can I tell you?
What I feel inside
You are my world
I can't say goodbye
