

Somewhere Out There

[Kenny Loggins](#)

Somewhere out there beneath a pale moonlight
Someone's thinking of me and loving me tonight
Somewhere out there, someone's saying a prayer
That we'll find one another and that meets somewhere out there
And even though I know how very far apart we are
It helps to think we might be wishing on the same bright star
And when the night wind starts to sing a lonesome lullaby
It helps to think we're sleeping underneath the same big sky
Somewhere out there if love can see us through
Then we'll be together somewhere out there
Out there dreams come true
And even though I know how very far apart we are
It helps to think we might be wishing on the same bright star
And when the night wind starts to sing a lonesome lullaby
It helps to think we're sleeping underneath the same big sky
Somewhere out there if love can see us through
Then we'll be together somewhere out there
Out there dreams come true
