

All Things New

Travis Greene

Past has ...
Held you long Enough
I am drawing you with Love
Here now ...
Pouring out my Spirit,
Receive it, oh
Your past ...Followed long enough
But in this moment is backing off
Here now ...
Pouring out my Spirit,
Receive it, oh
Making all things New
Freeing you from you
(Here comes freedoms now...)
Guilt has
Come to weigh you down
Where I am, Freedom is now
Here now ...
Pouring out my Spirit,
Receive it, oh
Fear come,
Just to keep you bound
In this moment
You're breaking out
Here now ...Pouring out my Spirit,
Receive it, oh
(Making all things New)
Freeing you from you
Here comes freedom
I am making all things new
This Love, Enough
I am making all things new
Here comes freedom
I am making all things new
This Love, Enough
I am making all things new
No shame can stay
No it shall not remain
I am making all things new

Your guilty stains
All washed away
I am making all things new
Here comes freedom
I am making all things new
This Love, Enough
I am making all things new
The past is Gone
The future awaits
Now the past is Gone
And the future awaits
