Service

Silver Sun

Holes in the ground
They're just circles if they weren't
They could be square
If only they weren't round
And March is only a month within days
(chorus)
And the in's go in and the out's just go
And how can you be, can yu be so cold
The in's go in and the out's just go
We built a fountain, it's to wash our children in
If sand gets wet, I am not sure
If it gets darker or was it lighter before
And yes or no Wendy try not to think
(repeat chorus)
And March is only a month with days
But really it comprises a bunch of funny letters
Assorted to spell H-A-R-E-M
(repeat chorus)
