Running

Zoe Grace

Sitting here, Reminiscing bout the little things you do
It's taken me this long to realise, that no one else in this world loves me like you do
When I get scared, When I get weak,
When I cant find my feet,
You take me by the hand and say I'm near, Come my dear, And I can't take it,
The way you love me makes wanna cry

And I keep Running, Running back to you,
Running back to you, Running back to you
And you keep Fighting, Fighting back for me,
Fighting back for me, Fighting back for me

Standing here, You're picking up the pieces of my little broken heart
and you mend it back in two
So unworthy but, I realise your love for me is unconditional,
Your forgiveness & Your Mercy
I say I'm sorry then I do it again, then I hurt you again, disappoint you again
Each time I swear I'll never do it again, then I do it again
and again and again
But everytime you gon' love me,
You will never despise me
As long as I live I'll run to youâ€¦

And I keep running, Running back to you,
Running back to you, Running back to you
And you keep fighting, Fighting back for me,
Fighting back for me, Fighting back for me

So I keep
Running, Running, Running, Running

Running I keep
Running, Running, Running, Running

Running you keep
Fighting, Fighting, Fighting, Fighting

Fighting you keep
Fighting, Fighting, Fighting, Fighting,

Fighting I keep

Fighting I keep fighting I keep

Running, Running, Running, Running

Running you keep
(Fighting)
Fighting, Fighting, Fighting, Fighting,

Fighting I keep
Running, Running, Running, Running

Running I keep
Running, Running, Running, Running

Running you keep
Fighting, Fighting, Fighting, Fighting

Fighting you keep
Fighting, Fighting, Fighting, Fighting

Yeah
Running yeah
Fighting yeah
You keep fighting you keep fighting
Yeah
