The Haunted

Northeast Party House

This is just another sense
A way for you to make your mind up
While we stay, while we stay
While we stay, while we stay

This helps find the path
Before you make, you make your mind up
Take a chance, take a chance
Take a chance, take a chance

We all stay too long on the wrong side
We all stay too long on the wrong side
We all stay too long on the wrong side
We all stay too long, too long

This is just another step
To help to find where your mind's at
All the same, all the same
It's all the same, all the same

We all stay too long on the wrong side
We all stay too long on the wrong side
We all stay too long on the wrong side
We all stay too long, too long

We all stay too long on the wrong side
We all stay too long on the wrong side
We all stay too long on the wrong side
We all stay too long, too long

You are the haunted, the haunted
You are the haunted
You are the haunted, the haunted
You are the haunted

We all stay too long on the wrong side
We all stay too long on the wrong side
We all stay too long on the wrong side
We all stay too long, too long

We all stay too long on the wrong side
We all stay too long on the wrong side
We all stay too long on the wrong side
We all stay too long, too long
