

Tenderoni

Chromeo

We are back again, so tell a friend
It's Chromey, it's Chromey
It's Chromeo
Until the end, until the end You and I, baby, we go side by side
Me and you, tell me what we're gonna do?
You and I, baby, we go side by side
Me and you, tell me what we're gonna do? No matter what I came here to do
No matter what you came here to say
We really ain't got nowhere to go
'Cause you're my tenderoni
'Cause you're my tenderoni No matter what I came here to do
No matter what you came here to say
We really ain't got nowhere to go
'Cause you're my tenderoni
'Cause you're my tenderoni You and I, baby, we go side by side
Me and you, tell me what we're gonna do? Fo' sho', if I tell you how to do my dance
Baby, then you'll let me get in those pants
Fo' sho', if I tell you how to do my dance
Baby, then you'll let me get in those pants 'Cause you're my tenderoni
'Cause you're my tenderoni
'Cause you're my tenderoni
'Cause you're my tenderoni Can't fight the feeling, won't get shut down
She let me slide enough
Can't fight the feeling, won't get shut down
She'll always be my tenderoni No matter what I came here to do
No matter what you came here to say
We really ain't got nowhere to go
'Cause you're my tenderoni
'Cause you're my tenderoni You and I, baby, we go side by side
Me and you, tell me what we're gonna do
Tenderoni
