Motorcycle

Remy Zero

Too much wine has crossed my mind and closed gates
Shadows move all across my room in waves of late
I almost think this table is alive
Black motorcycles
Nothing could go further in the dark
Circle and cycle
Now it's gonna change
You say nothing stays the same
Stay, I'm afraid
I sleep all day
A thousand hours are in your mouth
I dreamed our learning
And now it's time to dream our turning out
Black motorcycles
Nothing could go further in the dark
Circle and cycle
Now it's gonna change
You say nothing stays the same
Mmm hmm
This is on, it can't be wrong
Black motorcycles
Nothing could go further in the dark
Goodnight, sweet Michael
And now you're gonna change
You say nothing stays the same
Free and wild, an amazing child
You'll be my end
