

# Space Sonic

## ELLEGARDEN

Insane  
I feel ashamed when the morning comes  
And I hate to breathe  
Guilty  
No doubt I am  
Please tell me how to come clean again Spaceship  
Go fuck the stars  
When the night falls down they shine on me  
Have you ever felt this way  
Like you are the worst mankind on the planet earth Don't even ask why I'm standing here  
I found a piece of me  
It is still left in you  
It's very cheap but cute emotion  
I wish you were here [Chorus]  
'Cause I found the way to live with that  
I'm not going anywhere  
I thought you'd only make me weak  
That's wrong  
I knew it all and you knew it all  
That it's never gonna work  
To wait for someone who could stop this rain  
It just rains Watching  
The same old dream  
A mailing car runs over me  
Have you ever felt this way  
Like you are the most useless on the planet earth Don't even ask why I'm standing here  
I found the shiners of my own  
A fantasy Good memories  
It's very cheap but cute emotion  
I wish you were here [Chorus] It just rains Maybe there's no one who is perfect  
But who wants to be anyway  
Maybe there's no one who is all clean  
But who wants to be anyway [Chorus]
