# Strangers

## Portishead

Can anybody see the light
Where the morn meets the dew
And the tide rises
Did you realize
No one can see inside your view
Did you realize
For why this sight belongs to youOh
Just set aside your fears of life
With this sole desire
Done it warning
Done it now
It ain't real
On in this side
Done it warning
Done it now
It ain't real
On in this sideDone it warning
Done it now
It ain't real
Done it waring
Done it now
This ain't real
On in this sideOh
Can anybody see the light
Where the morn meets the dew
And the tide rises
Did you realize
No one can see inside your view
Did you realize
For why this sight belongs to you
