Your Genius Hands

Everclear

I have seen you shake
And I know what it cost you
I have heard your words now
I am big on your noise
My eyes aren't big enough
Because I can't see your hands
I can't see what you hold
I am growing now
As I watch you fade
Now I know what you know
And I'll break the chains that you have made
These chains you've made for me
I will pull you down
I know I'll fail in style
I long to touch your genius hands
