She Roll Me Up

Rusted Root

Levitate my song
Into an open space
Levitate my songI'll do my best
In this conversation
She roll me up
My best alone
My best alone
Well lift me, lift me higherLevitate my song
Into an open space
Levitate my song
No one will trace'Cause my friend I
I see you smile
And know you're a gift
Of the human heart
And I'm breakin' open
Towards your love
Sometimes, I'm working so hard
I don't even know my own nameLevitate my song
Into an open space
Levitate my song
No one will trace'Cause this is my life
And I feel like beaming
Straight into your heart
It feels like only yesterday
You were on my side
Send her my love
Send her my love
Send her all the words to say
'Cause in my heart, I don't believe
She can hurt me anymoreReturn me
Transform me
Return me
'Cause I'm howling in the daylight
Yes, I'm howlin' and it's newI'll do my best
In this conversation
She roll me up
She roll me up
Lift me, lift me higher
Levitate and oh

Levitate my songLevitate my song
No one will trace
Lift me, lift me higher, lift me, lift me higher
Lift me, lift me higher, lift me, lift me higherLevitate my song
Into an open space
