

# Lilith Immaculate [Extended Length]

## Cradle of Filth

Church bells resounded like judgment day  
As they were making love  
In the rainswept graveyard  
She fucked him hard, silhouetted by flame  
A monsoon Tigress set upon prey  
Fall for the love of me  
Crawl for the love of me  
Drool for the love of my virulent sway  
I grow more master the faster the days  
Lilith Immaculate  
This delectable reaper  
Her eyes were profound  
Drawing him in deeper  
Until he was drowned  
Hurled on the shore  
Of the world underground  
Lilith Immaculate  
Mortal kind, a morbid wine  
For this dark moon goddess  
And freed to stretch her claws  
This beautiful whore  
Would be brutally honest  
Tortuous one, taboos undone  
A glittering star on a sea of myriad waves  
And a thickening mist, a seductress  
Leading lovesick hearts astray  
Lilith  
In the throes of orgasm, she bucked and he broke  
At the height of the storm, the chaos they'd smote  
Burning behind her in arabesque smoke  
Framed a vision transformed as she sucked from his throat  
Victoria smiled, her now golden eyes  
Possessed a regal bearing  
Of omnipotent power  
From wet lips to her smoldering thighs  
Her beauty perfected and her will agonized  
Fall for the love of me  
Crawl for the love of me  
Drool for the love of my virulent sway  
I grow more the master the faster the days  
Lilith Immaculate  
With dread single purpose  
Her mind told him stay  
She strode through the fire  
Desire aflame  
She murdered the nuns  
In such horrible ways  
Lilith Immaculate  
"That night we lay entwined on hay  
Inside a soldier's barn  
Her panting breath an opiate  
As in her bolder grasp  
I caught the scent of desert sands

The Holy lands, the fall of reason  
 But only when I smelt the blood  
 Did I fear her colder hand""I am darkness, I am sin  
 The Queen of lust invited in  
 Reborn at last to cast my  
 Fecund shadow on this world,  
 You shall worship me, enslaved  
 For many lovers shall I crave  
 And in return, I'll gladly pave  
 Your psycho path with pearlsFor I have been grating  
 And waiting so long to find  
 The most perfect hostess close to me  
 Whose thin-ice troubled mind  
 Was like a cracked, black ornate mirror  
 To slip right through in time  
 When at last I wore Harmonia's necklace  
 The cursed twin serpents mine""Tortuous one, debauchery won  
 The attention of Emperors, Princes and Tsars  
 For the toll of her kiss, no soul could dismiss  
 The advance of her throne from afarThis English rose with traits of those  
 Who graced the harems of the East  
 Adorned with thorns, she raised the horns  
 And scarlet hems to wasted priestsFall for the love of me  
 Crawl for the love of me  
 Drool for the love of my virulent sway  
 I grow more master the faster the daysLilith ImmaculateThis delectable reaper  
 Her eyes were profound  
 They drew him in deeper  
 Until he was drowned  
 Hurlled on the shore  
 Of the world undergroundLilith ImmaculateFall for the love of me  
 Crawl for the love of me  
 Drool for the love of my virulent sway  
 I grow more master the faster the daysLilith ImmaculateThe flutes and sweet wine  
 Of her voice anodyne  
 Her power was growing  
 Every hour malign  
 The truth, Lilith's kingdom  
 Drew closer with time
