

# She's Like Ecstasy

## The Semiautos

She said to me, that she was like ecstasy  
And so I know, from her taste  
That she's so hard to replace  
"She's like ecstasy"  
She wore femme fatale, oh yeah I could tell  
When I went on her ride  
Her wounds still achin in my side  
"She's like ecstasy"  
With every beg and please  
She brings me to my knees  
And the rush in you today  
Just makes it all ok  
I think her loves insane  
She's racing through my brain  
And now I'm on, on her cloud  
I don't really want to comedown  
"Cause she's like ecstasy"  
With every beg and please  
She brings me to my knees  
And the rush in you today  
Just makes it all ok  
She said to me, that she was like ecstasy  
And so I know from her taste  
That she's so hard to replace  
"Cause she's like ecstasy  
Yeah and she's like ecstasy  
And she's like ecstasy"
