Loved Ones

Circus Maximus

I was there for a moment, and now I am gone
I was watching over you, and gave you all the clues
So I can't give life to a withered rose
Tears fill my eyes and all the rest I suppose
I guess my life was stripped away from me
And the vengeance will set me freeLoved ones this is your song, I've owed it to you
Now that I have found what I've been looking for
This I can tell youYou can't see through my transparent flesh
Floating through time and space I am weightless
I'm not at the place where you go when you die
The place where everyone knows
So I can't give life to withered rose
Tears fill my eyes and all the rest I supposeLoved ones this is your song, I've owed it to you
Now that I have found what I've been looking for
This I can tell you
