She looks like a
She looks like a
She looks like a
She looks like aShe looks like a movie star
Like a chocolate candi bar
She looks like a movie star
Like a chocolate candi barShe looks like a movie star
Like a chocolate candi bar
She looks like a movie star
Like a chocolate candi bar
She looks like aHeya love love, you little fly lady bug
Come and swing this episode wit more from up above
With them Earl Jeans on fitting tight like a glove
You little Cinammon Toast Crunch, come show me some love
Slim goodie got tittle litties
Yeah, but she's a picture post card pretty fat kitty little bitty
You're provoking me, giving me the notions
To make me wanna lick your funky emotionsShe can make a crippled man walk and a blind man see
How can I put this?
She can make the Grinch love Christmas
How can I manifest her uniqueness in vernacular?
Like a chocolate candi bar
Yeah that describes herShe looks like a movie star
Like a chocolate candi bar
She looks like a movie star
Like a chocolate candi barShe looks like a movie star
Like a chocolate candi bar
She looks like a movie star
Like a chocolate candi bar
She looks like aI seen her at the park on the black top watching the kids play
Hey style complimented the sunny day
There's a mild nature about her

Gentle but firm for all the bullshit life brought her way
You reflected beauty of a starless night by far
Like Billy Joel said, "I take you just the way you are"
I had a crush on you since the days of love tap
Karate shoes you had jelly cornrows with the peas in the backI knew you'd grow to be a fine specimen someday
You the very inspiration for the song I sing
The way you sprint the runway and scale the catwalk
Your life is a movie and the camera's never off
It's like love at first taste, coming deep from within
From your DNA structure to your whole body ova
Your beauty is respected in the eye of the beholder
I love that little chocolate bar tattered on your shoulderShe looks like a movie star
Like a chocolate candi bar
She looks like a movie star
Like a chocolate candi barShe looks like a movie star
Like a chocolate candi bar
She looks like a movie star
Like a chocolate candi bar
She looks like aOh yeah, the time is now and the place is here
So come a little closer let me kick it in your ear
And share this wit you girl you super official
I just wanna bite you girl you look good like a Snickers
Ooh la la, ah wee wee
Walking by looking all like I exctasy
Got doe ma didn't know, good gracious alive
Aw shuck now, there she goHey yo, come and rest your feet my little chocolate soufflet
I know you're tired you been running through my mind all day
And oh my goodness, can I get a witness?
This roundy brownie is something to see
I never had a craving like this before, I'm addicted
Lord have mercy, please give me strength
Dark, rich and thick like a fresh baked cake
Just thinking of your shape girl I catch a tooth acheShe looks like a movie star
Like a chocolate candi bar
She looks like a movie star
Like a chocolate candi barShe looks like a movie star
Like a chocolate candi bar
She looks like a movie star
Like a chocolate candi bar
She looks like aWe just buggin' out a little bit
Showing versatility
Yeah
She looks like a
She looks like a
