Lawnmower To Music

Basshunter

Ladies and gentlemen
In this clip I'm going to show you the art of transformationI was watching a Swedish commercial about lawnmowers
When I heard a beautiful melody in the backgroundSo I recorded it
and for you to understand the transformation
I'm going to play you the low quality sample I recorded
Pay-attention to the piano in the background
and enjoy the transformation(Swedish commercial playing)Now this is how I startedAnd then I added the melodyAnd Now
The TransformationThis is the HardestThis is the HardestThis is the Hardest the hardest the hardest Fucking lawnmower in the Fucking world!!!
