

No Place to Go

Jim McCarty Band

When A man's been mistreated
When he been kicked around
He been laughed at and lied to
Well it keeps going down
{ chours }
When A man hits bottom
Woman I know Yes I know
Aint no place left to go
Aint no place left to go I been locked out by A woman
Locked out in the street
I been locked up in the jailhouse
I been locked for two months and three
{ repeat chours }
{ bridge }
Well blue is my color
It is on my wall yes
13 is my number
hard luck is my middle name
{ repeat chours }
{ repeat bridge }
{ repeat chours }
Aint no place left to go
No place left to go { repeat chours }
There aint no place left to go
woh yeah woh yeah woh yeah
Well no no no no no no no no woohhhooooowooooooooohhhh
