Lovebird

Leona Lewis

I would lay down next to you
Stay in bed all afternoon
We were birds of a feather
We were always together

And I never will forget
All the little things you said
And that beautiful summer
Used to call me a love bird

But the time went on, the wind has blown, and I have grown
And I started a feeling
That wings had been broken

And I can't believe
That I would never want to be set free
But I just can't stay
So your lovebirds flyin' away

Your lovebird's flyin' away
Cus my heart's been stuck in a cage
Gotta sing my song, so pretty
Dum, dum, diddy
And I miss you everyday
But there's nothing left to say
Gotta sing my song, so pretty
Dum, dum, diddy

I want the world at my feet
Even if it's bittersweet
Wanna stand on my own and
Put my heart in my own hands

Cause I begun to see
That you and me are different breeds
So I gotta believe in
Gotta get back to breathing

And I can't believe
That I would never want to be set free

But I just can't stay
So your love bird's flyin' away

Your lovebird's flyin' away
Cause my heart's been stuck in a cage
Gotta sing my song, so pretty
Dum, dum, diddy
And I miss you everyday
But there's nothing left to say
Gotta sing my song, so pretty
Dum, dum, diddy

And you'll always be a part of me
You made me who I am
But I gotta say, I'm not afraid
To test my wingspan.

Cause they say if you love something
Let it go, let it go, let it go
Open up the gate

Cause lovebird's flyin' away
Your lovebird's flyin' away
Cause my heart's been stuck in a cage
Gotta sing my song, so pretty
Dum, dum, diddy
And I miss you everyday
But there's nothing left to say
Gotta sing my song, so pretty
Dum, dum, diddy
