

Stop

Shystie

(feat. Jalissa)

Wait a minute
Wait a minute baby (stop)
Wait a minute
Wait a minute baby (stop)
Wait a minute
Wait a minute baby (stop)
Wait a minute
Wait a minute baby (stop)

You ain't gotta live your life average
Don't think about the past and what's happened
I'mma be there when you can't manage
In it for the long run, together like a marriage
See I only really want the best for ya
And any time you feel life's testing ya
When you hit rock bottom and it's stressing ya
I'mma be there with a life vest for ya
Nah, you ain't gotta do it on your own
If you ever need a friend never hesitate to call
I'm involved, I'll pick you up when ya low
Gotta let it go, I know it hurts but it's growth

It is gonna break my heart
If you, if you give up on yourself

Stop in the name of love
Before you break my heart
Stop in the name of love
Before you break my heart
Stop in the name of love
Before you break my heart
Stop in the name of love
Before you break my heart

Wait a minute
Wait a minute baby (stop)
Wait a minute
Wait a minute baby (stop)

Wait a minute
Wait a minute baby (stop)
Wait a minute
Wait a minute baby (stop)

I know how it feels when ya feel lost
Had it all together now it's all gone
Everyone around you has moved on
Now I'm feeling like an outcast, I'm the black swan
Yeah, but I don't wanna get left
So I do it all right, but it still goes left
Now I'm running on empty
Praying up above for a sign, please send me (Lord)
But these are the times, when you gotta dig deep for your strength that's inside
Never give up, never give in, never hide
You're stronger than ya know it and it's all in your mind

It is gonna break my heart
If you, if you give up on yourself

Stop in the name of love
Before you break my heart
Stop in the name of love
Before you break my heart
Stop in the name of love
Before you break my heart
Stop in the name of love
Before you break my heart

Wait a minute
Wait a minute baby (stop)
Wait a minute
Wait a minute baby (stop)
Wait a minute
Wait a minute baby (stop)
Wait a minute
Wait a minute baby (stop)

Wait a minute
Wait a minute baby (stop)
Wait a minute
Wait a minute baby (stop)
Wait a minute
Wait a minute baby (stop)
Wait a minute

Wait a minute baby (stop)

Wait a minute

Wait a minute baby (stop)

Wait a minute

Wait a minute baby (stop)

Wait a minute

Wait a minute baby (stop)

Wait a minute

Wait a minute baby (stop)
