Greenfields

Nils Landgren

Greenfields backed by blue skies
'Bout as blue as your two true blue eyes
And I wonder, do you feel the way I feel
When you see greenfieldsAnd sometimes, oh, I wish you were still mine
And I'd go back in time and I'll always find
You in greenfields and you're layin' by my side
And love was real and I could taste it on these lips of mineIn greenfields backed by blue skies
'Bout as blue as your two true blue eyes
And I wonder, do you feel the way I feel
When you see greenfieldsWhen I see cotton candy clouds up in Heaven
Well, I close my eyes and then we drift away
And I'm lovin' you and holdin' on forever
There in your arms, where I used to layIn greenfields backed by blue skies
'Bout as blue as your two true blue eyes
And I wonder, do you feel the way I feel
In greenfields
