

# Head Over Heels

**JD McPherson**

Got my head in the sky and a heart like a hurricane  
Get dressed to the nines and flip out like a boomerang  
I got love for the world and I'm making time  
I turn the radio up  
'til I'm feeling fine  
I'm all head over heels and I reel when  
I come alive  
I really go for the sound bounce around here  
all night long  
Man the battlefield Ponca City to Babylon  
I got love for the world and I'm making time  
I turn the radio up  
'til I'm feeling fine  
I'm all head over heels and I reel when  
I slip and slide  
Got my head in the sky and a heart like a hurricane  
Get dressed to the nines and flip out like a boomerang  
I got love for the world and I'm making time  
I turn the radio up  
'til I'm feeling fine  
I'm all head over heels and I reel when  
I come alive
