End Of The Road

Ywada

It's been three years, seven months and six days
Since I fell in love with him
And I don't know if still I feel the same way
That I use to, after all the things that i've been through
Im fed up, his getting tired but I don't know if we'll make it through this time
See lately I have the rights words to say
When I,
try to talk to him,
We go a little bit further separate ways
Is that a sign, I'm going out of my mind
I'm so terrified, to face the fact that
This may be the end of the road
I don't know what i'll do if its
the end of the road
I don't wanna be the one that miss a good thing when it's gone
My mind wants to let go but there's
Something in my heart that makes it impossible
This cant be the end of the road '.
Was it really loving
This is the end of the road
I don't wanna be the one to ignore it
end up alone
So I gotta know
Is this the end (is this the end)
Is this the end (is this the end)
The end of the road
Don't know how to feel, can't figure out how to explain it, thought I'd
been there and done it
But this time things just aint the same
Cause I tried and tried, even asked the good Lord why,(why)
Things fall apart, times got hard
But even truly, it came down to
Two broken hearts that needed a brand new start
And if this is love, want nothing fall apart
I got so many questions leading back to the same message,
But is it too late for us to keep it together
This may be the end of the road
I don't know what I'll do if it's the end of the road
I don't wanna be the one to miss a good thing when it's gone

My mind wants to let go, but there's
Something in my heart that makes it impossible
This cant be the end of the road
Was it really loving
This is the end of the road
I don't wanna be the one to ignore it
End up alone
So I gotta know
is this the end (is this the end)
is this the end (is this the end)
The end of the road
Now, I know things want always be perfect sometimes
But if good out ways the bad, I'ma do what it takes to make it right
I know he love me and what we build is worth the fight
So no matter how hard it gets, I'm gone stay right by his side
This may be the end of the road
I don't know what I'll do if it's the end of the road
I don't wanna be the one to miss a good thing when it's gone
My mind wants to let go, but there's
Something in my heart that makes it impossible
This cant be the end of the road (end of the road)
Was it really loving
This is the end of the road
I don't wanna be the one to ignore it
End up alone
So I gotta know
is this the end (is this the end)
is this the end (is this the end)
The end of the road
