

Make a wish

Londeil "Taz" Hicks

Yeah, yeah

Ah, yeah

Today's your day

We going out my baby

You and me

It's a safe location

Let's get away

For your birthday

Take a nice little trip

Somewhere cross the bay

Hit the mall

Go get your tips did up

Your nanny got the kids

Let's live it up

About a quarter to eight

And I won't be late

The 55 will be parked

At the gate baby

Make a wish

Close your eyes

Blow away hey

When you're done

Girl

Give me a kiss

Make a wish

I'll make

All your dreams

Come true

Make a wish

Girl

There's nothing

That I wouldn't do

Make a wish

Just make a wish

Write out a list

What's broke is fixed

Make a wish

What's diamonds

And pearls

You know
You're my girl
I'll give you the world
Make a wish
I ain't talking bout
No ifs or maybes
No possibles
Girl
You're driving me crazy
Make a wish
Now open your eyes
I gotta surprise
It's in the garage
I copped a CI645
Are you ready
To take
Your first slide
Cut the ribbon
Off the whip
Put the key in
And let's shift
Let's ride
From coast to coast
Hit a nice lounge
Might as well
Have a toast baby
On this special day
We're gonna celebrate
My baby's birthday
Make a wish

Close your eyes
Blow away
When you done
Girl
Give me a kiss
Make a wish
I'll make
All your dreams
Come true
Make a wish
Girl
There's nothing
That I wouldn't do
Make a wish

Just make a wish
Write out a list
What's broke is fixed
Make a wish
What's diamonds
And pearls
You know
You're my girl
I'll give you the world
Make a wish
I ain't talking bout
No ifs or maybes
No possibles
Girl
You're driving me crazy
It's your day
Girl
You're bout
To have it your way
We can set it off
At the spa
Black card no limit
Anything
You want you can get it
We'll talk no gimmick
Yeah
I'm committed
Gourmet chefs
Fireworks and more
Camcorder
Gonna catch it all
Make a wish
Make a wish
I'll make
All your dreams
Come true
Make a wish
Girl
There's nothing
That I wouldn't do
Make a wish
Just make a wish
Write out a list
What's broke is fixed
Make a wish

What's diamonds
And pearls
You know
You're my girl
I'll give you the world
Make a wish
I ain't talking bout
No ifs or maybes
No possibles
Girl
You're driving me crazy
Make a wish
