

Jackass

Green Day

Alright To know you is to hate you
So loving you must be like suicide
Well I don't mind if you don't mind
Well I'm not the one that's going to die I guess I just can't listen
To this one sided conversation again
'Cause I don't care, if I don't care
Well no one ever said that life is fair Well everybody loves a joke but no one likes a fool
And you're always cracking the same old lines again
You're well rehearsed on every verse and that was stated clear
But no one understands your verity The center of attention
Got an honorable mention once again
Congratulations and salutations
You're a figment of your own imagination Well everybody loves a joke but no one likes a fool
And you're always cracking the same old lines again
You're well rehearsed on every verse and that was stated clear
But no one understands your verity Ohh
Ooo ooo
Ooo ooo To know you is to bait you
And you fell victim to your own denial
Well I don't mind if you don't mind
You're wasting all your time
