Unchain Your Brain

Gillan

You tell me what you're never gonna be
And I'll show you what you just can't see
If you want good living gotta grab it with your hands
If you don't, then don't bother making no plansFree being what you want to be
Seeing what you want to seeUnchain your brain
Unchain your brain
Unchain your brain
Unchain your brainYou won't get nothing if you got no wheels
If you got no wheels you'll never know how it feels
There's no reason for the things you said
Don't get moving you'll pretty soon be dead, dead and forgottenFree living the life of a king
You can't have everythingUnchain your brain
Unchain your brain
Unchain your brain
Unchain your brainEverybody fighting for a living in the street
One step back and you're out of the heat
There's just one thing when you set yourself free
You have a good time boy but watch out for meFree being what you want to be
Seeing what you want to seeUnchain your brain
Unchain your brain
Unchain your brain
Unchain your brainUnchain your brain
Unchain your brain
Unchain your brain
Unchain your brain
