

Hi-Fi Killer

American Hi-Fi

I wanna turn you on again
Turn you around and maybe then
Tune you out I don't know how to make it real
What ever you want it's not big deal
I'll change my tone I gotta disappear
Don't wanna hear that sound on the radio
Yeah, we could all hum along
'Cause it's the same old song I don't know how to make it stop
Go left to the dial to really rock
But I'm not sure Yeah, I'll kick it over anyway
It's cool but your starting to decay
It's in your face I gotta disappear
Don't wanna hear that sound on the radio
Yeah, we could all hum along
'Cause it's the same old song You could watch me come undone
You could watch me come undone
Yeah you, you could watch me come undone
Two freak you
You could hum along, you could hum along
You could hum along, you could hum along I wanna turn you on again
Turn you around and maybe then I gotta disappear
Don't wanna hear that sound on the radio
Yeah, we could all hum along
'Cause it's the same old song I gotta disappear
Don't wanna hear that sound on the radio
Yeah, we could all hum along
Yeah, we could hum along
Yeah
