## Olga Kouklaki

This aint what you wanted  
this aint what you dreamt  
this aint what you wished for  
what you expect

This aint what you thought  
this aint what you've hoped  
this aint what you fought for  
this aint where you fight

This is not a life  
Go and get a life  
This is not a life  
Go and get a life

What you've been looking for  
aint what you need  
what you've been waiting for  
aint what you seek

Thought it'd be easier  
to find out your will  
stuck in your silly ways  
and your future whim

This is not a life  
Go and get a life  
This is not a life  
Go and get a life

Go and get a life"
