Love

Prince

Stop telling me what you want me to hear
Stop telling me what you want me to fear
Stop trippin' on something you overheard
Love is winning without a wordStop giving me your wish list
Love is free from all thisLike a bird flyin' over the hilltops
Love is like the sky, you know it never stops
From the abundance of the heart the mouth speaks
Love is whatever, whatever you want it to beLove is not a game, you can play on the floor
You gotta stop keepin' score
If you wanna, if you want to play me like you did before
You better stop and walk out the doorYou can skate around the issue if you like
But who's gonna get you high in the middle of the night?Like a bird flyin' over the hilltops
Love is like the sky, you know it never stops
From the abundance of the heart the mouth speaks
Love is whatever, whatever you want it to beI see you standing with your back on the wall
You better, better get your hands up and clap if that's all
And uh, if you don't wanna get yours, then let me get mine
See, ain't gonna be no drama 'cause we have a good timeWhat's the point of giving me ultimatums?
Smiling at my friends when U really hate 'em
Trying to convince me that eye should too
What's the point?Stop worryin' about what people say
When it ain't gonna, ain't gonna stop them anyway
Love can do anything if you try
Come on, spread your wings and let's fly, fly so highFlyin' over the hilltops
Love is like the sky, you know it never stops
From the abundance of the heart the mouth speaks
Love is whatever, whatever, whateverLike a bird flyin' over the hilltops
Love is like the sky, you know it never stops
From the abundance of the heart the mouth speaks
Love is whatever, whatever you want it to beWhatever you want it to be?
Whatever you want it to be?
Whatever you want it to be?
Alright
Let's skateCome on, I see you standing with your back on the wall
Better get your hands up and clap if that's all
If you don't wanna get yours, then let me get mine
See, ain't gonna be no drama 'cause we have a good timeBounce
Aww, shake that thing, c'mon
Ahh, bounce it baby

Aww, shake that thing c'mon
Good God
