Little Light

Sam Ock

I could lavish my life,
With a bed of silken fallacies
But underneath are rotten springs
I'm starting to see
Facades that we fabricate
Slowly crumbling awayNo guarantee that I'll be strong
And I guarantee my pride is singing this song
And I'm scared to show my little black box
But it's all for you (2nd time "And" instead of "But")This little light will go away if I won't be real
This little light will run away if I don't tell you how I feel
Little light please stay don't stray
Help me to tolerate myself, myself, myself,
'Cause I feel so vain
I am bright as the sun,
With a crimson heat so blackening
And at the core the cool's shut in
The sun knows it's time to set
And to draw a close
My memory just won't complyNo guarantee that I'll be strong
And I guarantee my pride is singing this song
And I'm scared to show my little black box
And it's all for youThis little light will go away if I won't be real
This little light will run away if I don't tell you how I feel
Little light please stay don't stray
Help me to tolerate myself, myself, myself,
'Cause I feel so vain
This little light will go away if I won't be real
This little light will run away if I don't tell you how I feel
Little light please stay don't stray
Help me to tolerate myself, myself, myself,
'Cause I feel so vain
