Follow Me Home

Jamie O'neal

I don't know what brought us here but I know there's no easy way out
One thing is perfectly clear, I can't live alone in that house
Enough is enough, I don't have the answers, I don't know the reasons
Or where we got lost but I still believe we can find our way back
Baby just follow me home tonight, follow me through the door
We can start starting over, I don't wanna fight like this anymore
Baby just take my hand, give us another chance
We've both made mistakes but it's not too late to let it go
Let it go and follow me home tonight
Your boots are waitin' in the hall, the bed's been so cold since you left
Sometimes I talk to the wall, yeah it sounds crazy I guess
But enough is enough, there's no magic words that can fix all our problems
But if we're not together, how can we solve 'em, lay down your pride

Baby just follow me home tonight, follow me through the door
We can start starting over, I don't wanna fight like this anymore
Baby just take my hand, give us another chance
We've both made mistakes, but it's not too late to let it go
Let it go and follow me home tonight
Home, to that same sweet place where love still lives
And my heart is waitin', oh I'm waitin'
Follow me home, follow me home, follow me
Baby just take my hand, give us another chance
We've both made mistakes but it's not too late to let it go
Let it go baby, let it go, let's go, follow me home tonight, follow me home
