

Special Part Of Me

Mary J Blige

You know when you finally find that person
That makes you feel like you really alive
Like you're somebody, like you mean something to the world
Feels so good to be loved, yes it does
Feels so good to see you right here with me
Safe, is what I feel when you're around
Strong but sensitive when you're touchin' me
The simple things from you is what I need
(You'll always)
You will always be a special part of me
(Boy, you'll always be a special part of me)
Boy, you make me feel like someone does love me, I'm in love
(Make me feel like I'm alive)
No one ever gave me what you give to me
(Nobody ever paid attention to me, baby)
You turned this little girl into the woman I should be
(Turned this little girl)
I'm in love
Boy, you really turn me on
Even when somethings wrong
Is there anything that I can do for you, oh baby
I just wanna comfort you there's nothin' I'd rather do
You make me feel so good that I wanna cry all the time
You will always be a special part of me
(You'll always be, yeah, baby)
Boy you make me feel like someone does love me, I'm in love
(You make me feel like I'm alive, baby)
No one ever gave me what you give to me
(Nobody ever made me feel like I was pretty before)
You turned this little girl into the woman I should be
(Turned this little little girl, yes you did, yes you did)
I'm in love
(Ooh baby, hold me)
Baby, hold me
(Baby hold me)
Don't let go of me
(Don't let go of me baby, baby, yeah)
Baby hold me
(Boy you better hold me)

Don't let go of me
(Don't let go)
Baby, hold me
(Hold, hold)
Don't let go of me
(Don't let go, Don't let go)
Baby, hold me
(Ooh baby, hold me)
Don't let go of me
(Don't let go)
(You'll always, you'll always be, you'll always be)
You will always be a special part of me
Boy you make me feel like someone does love me, I'm in love
(You wiped all my tears away and I'm in love)
No one ever gave me what you give to me
(Nobody ever gave me real love, real love)
You turned this little girl into the woman I should be
(You made me you made me see myself and I love you for it, baby)
