

# Get You Off

Fefe Dobson

Touch me, it's such a beautiful reaction  
Shining like the sun, I want more  
And I'm craving satisfaction  
But it never comes You say it's love but it feels like a drug  
And I want you so much but it only makes me hate you  
You pick me up just to throw me down  
Yeah, you're my habit now and I just have to break you Hey, hey, you, you, yeah, yeah, get off of my back  
Hey, hey, you, you, yeah, yeah, get off of my back  
I feel you stepping on my wings and I would anything  
To get you off, to get you off of my back A warm rush jammin' up like a freeway  
When I'm next to you, sweet stuff  
And it's running through each vein  
When I'm next to you It sounds dumb but it leaves me numb  
Till I don't know what I want but I'm needing your protection  
You're so hot and you love me a lot  
But what we've got feels more like an addiction Hey, hey, you, you, yeah, yeah, get off of my back  
Hey, hey, you, you, yeah, yeah, get off of my back  
I feel you stepping on my wings and I would anything  
To get you off, to get you off of my back I've been living lately like I'm dying all the time  
Might do something crazy  
Like jumping off the Hollywood sign  
'Cause boy you make me feel like I can fly Hey, hey, you, you, yeah, yeah, get off of my back  
Hey, hey, you, you, yeah, yeah, get off of my back  
Hey, hey, you, you, yeah, yeah, get off of my back  
Hey, hey, you, you, yeah, yeah, get off of my back  
Get off of my back, Get off of my back
