Slayin

Tion Phipps

I look good
You look better
Girl when you rock my sweater
Let them haze
Switch them togther
Nobody knows 'em better
Baby will be slayin slayin slayin (We be slayin)
Baby will be slayin slayin slayin (We be slayin)

We just pulled up in a foreign
Now we got more rising
Step down in your underwear
Like how are you thin
Girl you look good, you know it
Sexy look thing once you show it

This is what i got so far....I'm sorry...
