Smoke

Maddie & Tae

Wanna know who burned you so bad
Left your heart in ashes on the ground
Made you promises, took 'em right back
Left you cold and alone, now all you know is the soundOf goodbye
You won't let anyone insideBaby, you're just like smoke, blowing on the wind
One minute, you're by my side and then you're gone again
You might be bad for me, but I just wanna breathe you in
Every time I reach out, I find there ain't nothing to hold
Boy, you're just like smoke
We can start out slow like an ember
Get the fire burning back behind your eyes
I wanna feel you when we're together
So, whatever you do, baby, don't disappearThis time
Don't fade into the grey tonightBaby, you're just like smoke, blowing on the wind
One minute, you're by my side and then you're gone again
You might be bad for me, but I just wanna breathe you in
Every time I reach out, I find there ain't nothing to hold
Boy, you're just like smokeSmoke
Smoke
Yeah
Baby, you're just like smoke, blowing on the wind
One minute, you're by my side and then you're gone again
You might be bad for me, but I just wanna breathe you in
Every time I reach out, I find there ain't nothing to hold
Boy, you're just like smokeBoy, you're just like smoke, yeah
