Everybody Knows

Sonia

Like a fool I was blind
Couldn't see, didn't read all the signs
Who's to say things could be
Different now if I'd opened my eyesAll alone, friends were saying
Love's a game that he was playing
I believed, but they could see
One day he'd make a fool of me(Chorus)
Everybody knows
How you made me cry
How you broke my heart
When you said goodbye
Where am I to go
Can't let my feelings show
Now everybody knowsYesterday I was fine
I had nothing but love on my mind
I can't live for today
Now he's taken tomorrow awayAll the time they could see it coming
Told me not to stay, said I should be running
I believed, but they could see
One day he'd make a fool of meRepeat Chorus (2x)I was blind...
I was blind...All alone, friends were saying
Love's a game that he was playing
I believed, but they could see
One day he'd make a fool of meEverybody knows
How you made me cry
How you broke my heart
When you said goodbye
Where am I to go
Can't let my feelings show
Now everybody knowsRepeat chorus to fade
