Perseverance

Technimatic

You will find, that in time, with persistence
You will grow stronger, your awareness will become heightened
It can not be said, that it will take two years, or eaven ten
It depends only, upon your effort, and your persistence.
But in time, it can come, to all we truly persevere.

The effort, you put forward, will be that whitch is given back to you.
Temple.
As you give, you shall recieve.

Be not discouraged, fot the world was not made in one day.
And you can not understand all truth in one lifetime.
