

# I.D.

## Kasabian

No one else is here  
And I can't care and since I've nothing  
No one else gets high  
And I can't sleep 'cause I've got nothing Feeling I am lost control  
To a higher force and  
Music is my my world No one else is here  
And I can't care and since I've nothing  
No one else gets high  
And I can't sleep 'cause I've got nothing Feeling I am lost control  
To a higher force and  
Music is my my world
