Bloodstained Ground

Eluveitie

What did I close in here?
I can't remember ever shedding tears of spite
On this ground, cropping up the fatal front lineLike a soot-blackened palisade yet
Impelled, void and abulic
Legions delineate, an ominous skylineAs lifeless demons without soul
These insentient hosts abide
Engulfing war monger get away from hereTrod ye the path of vast deceit?
Every piece of evidence was a lie
The war, the threat's a hyping fake
To move figures on the boardStain bibractes groundWhat do you see in me?
Do you breathe-in dreams?
What spurred you to come here?
An oneiric picture of beingLike disaffected legions taken, lure
I wonder what lies, what threat or promise
Persuaded them to leave their home so far away
Did they really know?As the carnyx roared aloud
I quaked not yet just asked myself
How their hearts took the bait
These sweetened words of bitter essenceFace to face with nameless foes
Scorching words, unspoken lorn
Unheard quests remain the ashes of the deadForsooth we'll bear the brunt
Upright in life or in death
Yet still the countless cries echo
In silenced caves of nothing
