

Christmas Day

JOHNNYSWIM

We've stoked the fire till it's roaring, it's freezing outside and it's snowing
Keep me warm till the morning, this winter's day
No time for sleep when I'm dreaming, I'm hearing bells through the ceiling
Been waiting all day for this feeling,
It's Christmas, Christmas, Christmas Day Hide all my gifts I might find them, I'm too old to be so excited
We'll make like a child; boy I'm eyeing to see that sleigh
It's Christmas, Christmas, Christmas Day
Oh it's Christmas, Christmas, Christmas Day Gone too soon now it's over, the season's down to a smoulder
I'll hold to the warmth of December till next year's flame
'Till Christmas, Christmas, Christmas Day
Oh Christmas, Christmas, Christmas Day
