You Saved My Soul

Mighty Oaks

A lonely breed, always been a hard task to find the love I need
Been known to dig a hole so deep, my hands start to bleed
And on the road, is where I go to run from the thoughts of home, my dear
I fear that I will roam for the rest of my days
For the rest of my days!But darlin' you came my way, and you saved my soul
You saved my soul, you saved my soul
Darlin' you came my way, and you gave me hope
You gave me hope, you gave me hope!Was always told, salvation comes to the ones who hold him close
But I ain't never felt so warm, out in the cold
And if I'd known the sorrow that this life holds well I'd have asked
The good Lord to bury me deep and save me from myself
Save me from myselfBut darlin' you came my way, and you saved my soul
You saved my soul, you saved my soul
Darlin' you came my way, and you gave me hope
You gave me hope, you gave me hope!But darlin' you came my way, and you saved my soul
You saved my soul, you saved myOh you came my way and you saved my soul
Oh you came my way oh you came my
Oh you came my way and you gave me hope
Oh you came my way oh you came myOh you came my way and you saved my soul
You came my way and you gave me hope
